

Dear Car Enthusiast,

This year, the Road Knights will introduce a judging system.

Trophies will be presented to the top 100 cars, instead of by class.

The same special awards trophies will also be presented.

Judges will evaluate cars for their merit, style, quality and workmanship.

Many of the largest car shows and national car clubs are now using this method to judge cars.

Since cars will no longer be parked by class, participants can park together with friends, or as they choose.

Presentation of trophies will be handed earlier and in a more timely manner.

The Road Knights are looking forward to seeing you on September 19, for another great car show!
